(4) Formulation of scheme for import of raw material on OGL for providing raw material assistance to exporters.

(5) Developing counter trade and off-shore trading to increase foreign exchange earnings.

(6) Formulation of a price support scheme for bulk drugs for small manufacturers.

(7) Identification of thrust areas and laying of emphasis on product development.

(8) Creation of STC's own production capacities and leasing the same to entrepreneurs.

(9) Promotion of brand marketing.

Keeping in view the above plans for promotion of non-canalised exports, STC has projected that non-canalised exports would increase from Rs. 442 crores in 1988-89 to Rs. 560 crores in 1989-90.

Minerals and Metals Trading Corporation has also taken a number of steps to increase their non-canalised exports. These steps include:—

— Selective identification of potential markets on long-term basis.

— Selective development of domestic sources of supply of items that would be promoted in selected markets.

— Use of strategies like project exports, counter trade to gain access for Indian products to new export markets.

— Creation of an organisational culture within the Corporation oriented towards exports to non-canalised items.

— Extensive training of human resources in export marketing, management and related areas.

As a result of the above steps, MMTC has projected that exports of non-canalised items would increase from Rs. 352 crores in 1988-89 to Rs. 427 crores in 1989-90.

Special flying squads in Delhi to help distressed women
